

SmartRemind Survey

Timestamp	Are you filling in this survey based on yourself taking daily medication or based on helping someone else take their medication? If both, please fill out survey multiple times.	Age...	Occupation...	How often do you have to put in a prescription?	How many different types of medication do you take per day?	How often do you take medication each day?	Are these repeat prescriptions?	In what form are your medications? (Select all that apply)	Do you often forget to take your medications?	Do you often forget to reorder your medication before running out?	Do you currently use any of the following? (Select all that apply)	Is the required dose of medication often forgotten?	Would you be interested in using an app that could order the regular medication and get it delivered to home?	Would you be willing to pay an initial fee for the usage of a smart container & app?	If an app was to be developed, which of the following functions/features would you like to be implemented? (Select multiple if required)
